

Folding machines - manual - Model MB - HM MB-2000L

Item Number: 00309515

The MB 2000L folders are easy to operate, heavy, manual machines particularly suited for folding of the thin sheet metals.

The machines are offered with the clamping bar: L - low 45°. The machines are offered with roller shear, back gauge and radius blade.

The models MB-L are machines which are suited to standard straight folding operations, and because of their low clamping beams, are ideal for channel sections and Z-profiles.

Product Specifications

Bending angle	135°
Machine height (mm)	1100
Machine length (mm)	2320
Machine width (mm)	630
Max. Opening (mm)	35
Net weight (kg)	475
Sheet thickness steel (mm)	1
Working length (mm)	2020

Manual Folding Machines Type MB

MB-2000L with low upperbeam and sharp nose

2020 x 1,00 mm

Accessories for Folding Machines Type MB

Manual back gauge MB-2000

50 - 545 mm

Radius blade R = 2,5 mm MB-2000L

Angle measurer with digital readout of the bending beam - fits all benders

Roller Shear for Folding Machines Type MB-L

Roller shear K 0,8 for mounting on MB-1000L

0,8 mm zink

Roller shear K 0,8 for mounting on MB-1300L

0,8 mm zink

Roller shear K 0,8 for mounting on MB-2000L

0,8 mm zink
